

Remarks

In the Office Action, the Examiner has correctly noted that use of the terms raffinate I and raffinate II are indefinite. In response, the applicant has amended claim 18 and added claim 21, which incorporated the composition of raffinate I and II from page 7, paragraph [0020] of the specification.

Applicants respectfully submit that the foregoing amendment places these claims in condition for allowance and request the Examiner withdraw his rejection of these claims.

Respectfully submitted,

Paul E. Purwin
